Pre-Employment **Physical/TB Test Information**

Your pre-employment physical and TB test are at your own expense. You may have your pre-employment physical completed by your own personal physician or a facility of your own choosing. The Reynolds School District is able to accept a physical report that was completed within one year of your start date. Therefore, if you had a physical within the past year, you can simply have your physician complete the physical report as of that exam date or submit a copy of a report that you may already have available. Physical forms are available on the district website at www.reynolds.k12.pa.us.

Medexpress Hermitage, Sharon Regional Health System and UPMC offer pre-employment physicals to the general public at the locations listed below. SRHS Corporate Health Services provides physicals by appointment only and tuberculosis tests Monday through Friday, except not on Thursdays. You must return within a 48 to 72 hour timeframe to have the injection site checked. **Cash payment is required at the time of service, and you must have your photo ID available.** The office locations are as follow:
