

# RHS SIT-IN: TOGETHER WE MAKE A DIFFERENCE

A seventeen-minute sit-in to bring RHS together as a school and community has been planned for Wednesday, March 14. (Seventeen minutes for each person who was killed in the Parkland, FL.) This is an educational video produced by students in the Multi-Media Department.

The video includes topics of anti-bullying and accepting the differences of others. The goal is for students to recognize what Reynolds has done to make our school safe for its students and what students can do to ensure Reynolds is a safe place. The intention is NOT to discuss gun policy or a political movement of any kind. Gun laws are a topic for students to discuss with parents.
