

The Independent Study students will work on self-generated art projects ranging from two and three dimensional art work with a variety of mediums such as pencil, acrylic paints, clay, wood etc. These students are expected to work at a high level of artistic competency while demonstrating a self-motivated work ethic concerning their art work. The Independent Art students will build on the previous knowledge of a wide variety of art mediums, however, the student may choose to focus on a specific discipline such as painting or ceramics with approval from the art teacher.
