

Objective:

1. The students will develop a collage using magazine photos relating to their personal interests along with a photograph of themselves or a pet.
2. The students will use a grid as a drawing tool to draw the collage on paper using pencil.
3. The students will be able to depict value and color changes from the photos and demonstrate the use of value in the pencil drawings.

Procedure:

1. Discuss the collage idea using photos that are of interest to each individual.
2. Develop and construct the collage.
3. Use a grid to draw the collage.
4. Shade the drawing using pencil.
