

Our goal is to inform you the viewer on what's going on at the Reynolds Junior Senior High School on a daily basis. We will strive to keep the information current and all-inclusive when possible.

If you have information, photos or an event relevant to RHS that you would like posted, please submit the information just as you would like it posted to the email address link on the Reynolds Junior Senior High School page. Your information will be reviewed for posting as soon as possible to determine whether it will be included on our FB page. Most of the postings will be developed in house. If you submit a photo, please include a photo credit if you would like the credit included.

We hope you enjoy visiting our Face Book page.
